

AVIWEST SERVICES

A Range of Professional Services

Support contract

Warranty Extension

Training

AVIWEST support team is available 24/7 to provide immediate assistance and support all around the world. We are focusing on providing the most professional support for our products and systems. Our high-skilled team is available by phone or email and comes with the capability to access your product remotely too.

All AVIWEST products are offered with a 12 months warranty. If a defect covered by this warranty occurs during this period, AVIWEST will repair the defective product or component, free of charge. After this period, you can extend the warranty for all of your products up to 3 years.

If your AVIWEST product is removed for repair and if you really do need it, our cold spare offers will be the perfect solution for you.

AVIWEST's technical training team has been involved with facilitating technology, product, and systems training for a variety of customers worldwide. Providing detailed technical training allows our customers to fully understand their systems and exploit their full potential.

All of our training sessions are available at our office, remotely or on your site.

For information about AVIWEST services, please contact service@daviwest.com
